County and City School Units

County units are listed alphabetically and are printed in bold capital letters. City units are listed alphabetically under the counties in which they are located and are printed in bold capital and lower case letters.

Under the heading "Accreditation Status," SA indicates that these schools are accredited by the Southern Association of Colleges and Schools.

Administrative units accredited by the State Board of Education in accordance with the current policies and procedures are so designated in the first line of each accredited unit's entry.

Schools are listed according to code numbers and alphabetically. See page 21 for further explanation of the code numbering system. An alphabetical index of all public schools with code numbers starts on page 119.
